

**ARIDE:
Advanced Roadside Impaired
Driving Enforcement**

The Missouri Office of Prosecution Services and the
Clay County Sheriff's Department present:

**ARIDE:
Advanced Roadside Impaired
Driving Enforcement**

This 16-hour course will be presented by experienced DRE Instructors from around the state. It introduces law enforcement officers to the Drug Recognition Expert program and gives them the tools they need to recognize a drug impaired driver and understand the roles and responsibilities of a DRE.

This class **does not** qualify an officer to be a DRE.

All law enforcement officers attending this course **must be proficient** in administering Standardized Field Sobriety Tests and able to successfully complete a proficiency examination or they will not be allowed to complete the course.

This course qualifies for 16 hours of POST credit,
in the area of Technical Studies.

This course will be held from 8:30 am to 5:00 pm on **June 16-17, 2011**,
at the Clay County Sheriff's Department,
12 S. Water St., Liberty, MO 64068.

There is no registration fee for this course, but space is limited.
Please contact Susan Glass at 573-751-1629 or
Susan.Glass@mops.mo.gov to register.

Funding for this course is provided by the
Missouri Division of Highway Safety
